

Press Release

25 November 2008

Your 4D Experience Begins Here!

The thrill starts on 1st December 2008

1. Built on a latest platform of technology, you will not see or experience anything like that anywhere else in Singapore.

2. SDC presents you

About the theatre:

- a. Feel the surge of energy and the rush of adrenaline through your body as you zoom through space. With effects so real, the **Cosmic Coaster** throws you off the track and just as you do not know where you are heading towards the universe, you are connected back and while you navigate through the twists and turns, enjoy the full speed of wind blowing at you. With seats vibrating, tilting at various angles, it is a new thrill ride that transcends time, space and imagination, giving you the ride of your life!
- b. Boasting the latest technology in 4D simulation ride, the XD theatre carries a state-of-the-art patented technology boasting up to 2G's of acceleration and 100 movements/second. Unlike conventional 4D theatres, XD Theatre @ S'pore Discovery Centre comprises 12 individual electrically controlled seats, offering more than just the usual tilts and jolts produced by seats fixed onto a single platform.
- c. Currently, available in more than 30 locations in America and Europe, S'pore Discovery Centre is the first in Southeast Asia to have such a theatre.

2. We would like to invite you to a **special preview on 27th November 2008 from 2 pm to 5 pm** to try out this latest sensation in town. Registration will start at 1.30 pm. Please RSVP to Stanly Lee at 9339 5988. We look forward to seeing you.

About S'pore Discovery Centre:

S'pore Discovery Centre (SDC) is a state-of-the-art 'edutainment' attraction that celebrates the Singapore Experience. It is a place for everyone, with its wide range of fun-filled multi-media interactive presentations and games. Visitors can experience the Singapore Story with insights into the nation's challenges, dreams and aspirations, and ultimately what makes Singapore tick – the Singaporean heartbeat.
