**Primary
Education Programmes
2020**

ADDRESS BY EXECUTIVE DIRECTOR

Dear Educators, NE/ CCE practitioners

2019 was another busy yet fruitful year for SDC as we rolled out exciting programmes and hosted many learning journeys to support MOE's NE review recommendations and the latest government initiatives. We are indeed privileged to be your choice NE partner, despite several other Learning Journey (LJ) offerings. From cohort visits especially for NE Commemorative Days, Post-Exams, staff retreats, customised and differentiated NE programmes like "I am a Town Planner", NE-mazing Race and Outdoor Trails, SDC is glad to work closely with schools and various partners such as MOE, MINDEF, NE-related agencies and industry partners, to offer enriching NE learning experiences for both students and educators.

Moving forward, SDC hopes to provide a platform not only to engage, but to empower our students to take more ownership of their learning and to deeply reflect on how they can contribute to Singapore's future. SDC aims to provide a safe and conducive environment to discuss contemporary issues and understand multiple perspectives.

SDC strives to keep our programmes fresh and appealing by adopting an integrated programming for NE Commemorative Days, developing NE programmes and resources based on key themes such as Defence and Security, ASEAN and Globalisation, National Identity, Smart Nation and Innovation, and adopting pedagogical approaches such as inquiry-based learning, issue investigation and gamification. In addition, we hope to widen our strong network with NE partners so as to ensure our content remains relevant and relatable; and our NE offerings more accessible to the schools. SDC satellites can now be found at selected NLB public libraries (Woodlands, Tampines as well as Bishan).

Also, look out for our latest initiatives like our new contemplative multimedia drama titled "The Last Light" as well as our 4D simulator ride and defence-related programmes like "Under Siege" and "Mission Ready" and refreshed NE

programmes and resources, just to name a few.

Your LJ's experience is our priority. Hence, we value your feedback and ideas which will help us to create meaningful and memorable experience for your students, educators, school community (non-teaching staff, parent volunteers, adopted charity groups) and school clusters. We look forward to your continued support of our NE efforts to encourage everyone to be active citizens in our daily lives!

Best wishes and warmest regards,

THE LAST LIGHT – SDC’S NEW THEATRE SHOW

*“I fight not because I hate what is in front of me,
I fight because I love what is behind me.”*

A Singaporean son has to fight for and defend his country. Despite his initial apathy and reluctance, he discovers his commitment to defend his nation when his teammates are threatened, while recalling his family’s own pain and anguish during World War II. He then discovers his sense of purpose and rallies the troops to confront the enemy.

Be plunged into a war that you have to fight for, dig deep into in order to understand hard truths about National Service (NS) and reflect on your own motivations in supporting NS in this mixed medium drama presentation.

This show allows the audience to explore in depth what loyalty and commitment to defence means, regardless of the nature of threats faced in a complex and ever evolving security landscape.

About the Space

The Last Light is performed in an immersive space meant for multimedia drama shows, an experimental space for dramatisation as well as a reflection area. It is equipped with stage and lighting equipment and special effects to conduct plays and shows. It provides a platform to nurture an understanding on the need to serve in NS, provoke discussions as well as develop emotional connections in a direct and yet sensitive manner.

Look Out for SDC’s Upcoming Programme featuring ‘The Last Light’

Students will appreciate the significance of National Service (NS) and how each Singaporean plays a vital role in defending Singapore. Students will engage in a series of activities and discussions that will evoke reflections on the cost involved in preserving Singapore’s peace and prosperity today and what protecting Singapore from current and future threats entails.
